2013 Lucas Oil Golf Scramble Benefiting Rauch, Inc. is a success!

Rauch's fifth annual golf scramble was a record setter! We're excited to share that the event generated approximately \$15,000 in net proceeds after expenses to provide programs and services supporting children and adults with disabilities in our community—a 19% increase in profits over the 2012 event. The event hosted 120 players, 30% more than 2012 and our highest attendance ever. We have many to thank for this tremendous success; a listing of our generous sponsors can be found in the left column of this newsletter.

This year is Rauch's 60th year of service to Southern Indiana. In honor of that milestone, the scramble had a birthday theme. Men had the opportunity to don a birthday hat (instead of a grass skirt) for a 100 yard teeing advantage at one of the holes. Brown-Forman Corporation created a Jack Daniels Birthday Cake Cocktail to correspond with the theme, which was served on the course. The golf scramble also fell on Rauch CEO Bettye Dunham's

Can One Person Really Make a Difference?

The real foundation of all philanthropy in America is gifts of \$10 to \$10,000 from people like *you*. 73% of the \$300 billion in charitable contributions made in the United States were donated by individuals (versus other sources such as grants and corporations) in 2012. If you add the category "bequests" (will and estate gifts), the proportion of charitable gifts by individuals rises to an incredible 81%. That percentage is steady and hasn't changed much in a long time. Not-for-profit agencies like Rauch rely on your support to meet the needs of our community and our clients, both now and in the future. If you would like to discuss your options in making a will or estate gift, please contact Teresa Jackson, Director of Development, at
